

Preferred Men's Medical Center is open to serve our patient's needs during these trying times.

We continue to closely monitor the situation with Coronavirus (COVID-19) and are following the public health recommendations from the CDC, World Health Organization, and State of Florida.

We are requiring our staff's compliance with these recommendations to help create the safest possible environment for our patients.

The health and safety of our patients and medical staff remains our top priority.

**We look forward to seeing you soon.
- The Staff at Preferred Men's Medical Center**
